

CUT REFLEX + REFLECTIVE TAPE

Cut Reflex is a supremely durable, laser-cut vinyl engineered for demanding environments. It features reflective components, making it perfect for rugged workwear and practical apparel.

Cut Reflex excels in scenarios where certified heat transfer with reflective properties is essential.

APPLICATION INSTRUCTIONS

The following basic settings are suitable for the majority of textiles.

Remove the protective film
From the back of the decal.

Temp: 150-170 °C
Time: 10-15 sec
Pressure: 2-3 bar

Remove the Plastic carrier
Immediately after
application.

**The standard setting for a small base plate is 2-3 bar and 4-6 bar for a large base plate. When using a heat press from a manufacturer other than Hot Screen, the pressure should be set to 0.5-1.5 kg/.*
